EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Stephen Catlin (No. 36,101) on March 3, 2006.

The application has been amended as follows:

IN THE CLAIMS:

In claim 1, line 9, --wherein the first and second damping elements are in frictional engagement with one another or an interposed third damping element-- has been inserted after "their periphery".

Claims 3 and 4 have been cancelled.

In claim 9, line 2, "4" has been changed to --1--.

In claim 11, line 2, "4" has been changed to --1--.

In claim 15, line 1, "4" has been changed to --1--.

In claim 17, line 1, "4" has been changed to --1--.

In claim 25, line 7, --ceramic-- has been inserted after "hard".

The above change to Claim 1 has been made to incorporate allowable subject matter from claims 2 and 3 into the independent claim. The above cancellation of claims 3 and 4 are due to their inclusion into independent claim 1. The above change to Claims 9, 11, 15, 17 have been made to correct claim dependency after the cancellation of claim 4. The above change to claim 25 has been made to further define over the prior art.

Response to Arguments

Applicant's arguments, see Amendments, filed 1/27/2006, and the above examiner's amendment with respect to the damped aerofoil structure (page 7 paragraphs 2 and 5) have been fully considered and are persuasive. The rejections of claims 1-2 and 5-26 have been withdrawn.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance"
